1. Key Grant Details

What are CBCA grants?

CBCA grants are available for short term, time limited responses to local youth crime issues and crime prevention responses.

Who are CBCA grants targeting?

CBCA grants are targeted at young people, generally 8-17 years, who may be at risk of entering the youth justice system.

How must proposals align with the funding?

Your response must:

- be prosocial, activity-based and target young people at-risk of offending or being involved in the youth justice system (i.e interacting with police and/or courts, or may be on a statutory youth justice order).
- have clear goals that address the [identified areas of community concern](#) in response to youth crime and local community concerns.
- be culturally appropriate and include evidence of community support and partnerships with Aboriginal and Torres Strait Islander and/or Culturally and Linguistically Diverse peoples and communities.
- target prevention and early intervention responses aimed at keeping the community safe and supporting victims.

What can I apply for?

Your proposal can be for:

Programs	<ul style="list-style-type: none"> • Involves working with the same group of young people over a set period. • There's a structured curriculum or set of activities designed to achieve specific outcomes. • Participants may "graduate" from the program after completing it. • Each new cycle of the program involves a new group of participants. <ul style="list-style-type: none"> ○ e.g., a 10 week work skills program for 12 participants. Students work through set learning each week, and "graduate" the course at the end. If it's delivered again, it's with a different group of young people.
Events	<ul style="list-style-type: none"> • Single-serve content delivery to a particular group, like a presentation or a community event. That singular delivery may happen multiple times but to different groups. • They are not continuous or part of a structured program that has different/scaffolded curriculum each week. <ul style="list-style-type: none"> ○ e.g., presentations delivered to a singular year level (and repeated for different groups), youth week events, weekly drop-ins where attendees are through an open invitation.

A Project	<ul style="list-style-type: none"> • Projects encompass a range of initiatives, including events and programs, aimed at addressing broader community needs. • They are typically longer-term initiatives lasting months, designed to tackle various aspects of an issue or goal. • Projects may involve multiple programs and/or events coordinated to achieve a common objective. <ul style="list-style-type: none"> ○ e.g., a 12 month, multi-program aiming to reduce crime and increase protective factors for young people
