

Skilling Queenslanders for Work

Guide to applying for funding

This application guide provides additional information and tips for completing a *Skilling Queenslanders for Work* application for funding. It is strongly recommended that all applicants read the relevant program guidelines for funding and the *Skilling Queenslanders for Work* Services Agreement before completing and submitting an application.

Top Tips – Applying for funding

1. **Customise** your application to the selected funding program. Understand it's focus and address all criteria. Be mindful when applying for government funding you need to articulate the community or social benefit and demonstrate a clear return on public investment.
2. **Be succinct.** Tell the assessor exactly what you plan to do, why and how. Keep to the word limits. Write in clear and simple language. Keep on topic – don't answer questions with 'not applicable' or 'see above'.
3. **Sell.** Excite your assessor! Have a compelling project proposal. Don't 'cut and paste'!
4. **Evidence.** Demonstrate your experience and capacity to make this project a success. Letters of support should substantiate your claims.
5. **Demand.** Why does this project need to happen? How do you know this? How will you demonstrate this? Show your project is well researched. Evidence of demand is critical.
6. **Partnerships.** Where your project is supported by others (Skills Assure suppliers or financial supporters), provide confirmation of their commitment.
7. **Budgets** must be realistic and evidence based. The more realistic and innovative your budget is, the more competitive you will be. Funding from other sources must be disclosed and evidence provided. Your budget speaks volumes about the viability of your project.
8. **Success.** Be clear about the intended outcomes and impact of your project. Describing ways you will measure success demonstrates to the assessor your project is well planned out and likely to achieve the outcomes as stated in the application.
9. **Check.** Proof read your application before submitting it. There should be no typos or budget errors. If a person reading your proposal had never heard of your organisation or your project, would they have a clear understanding of what you intend to do and why.

Criterion 1 – Capacity to Manage

GUIDANCE	DOCUMENTATION
<ul style="list-style-type: none">✓ Your capacity to manage the project includes establishing the financial viability of your organisation and proven experience in managing grant funds.✓ Demonstrate your experience and expertise in delivering training, skills development and other related support services in a community setting to disadvantaged target groups.✓ It's important to describe the core business of your organisation and what services are offered or available to support disadvantaged Queenslanders and address their barriers to learning and employment.✓ Detail your working relationship with your nominated RTO/s.✓ If you or the partnering RTO are not local to where the project is to be delivered, you will need to demonstrate any linkages or relationships with local employers and the local community sector.✓ Outline how you plan to screen and recruit eligible participants. Include marketing strategies and where the project is to be promoted or advertised (i.e. local newspapers, local libraries, skate parks, youth centres etc.). Given the eligibility criteria, it will not be feasible to simply rely on jobactive or Centrelink referrals – the department has an expectation that efforts will be made to try and recruit people who are not eligible for Australian Government employment services. It's also important to note that the funded SQW provider is responsible for the recruitment of participants, not the RTO.✓ Detail your staff's qualifications, skills and experience and/or provide details of position descriptions for the recruitment process of suitable staff. The department will need to be satisfied that appropriately qualified and experienced staff will be supporting the participants.✓ The SQW Advisory Committees will look for projects developed and driven by the community sector.✓ Past performance in delivering DESBT programs and ability to achieve forecast outcomes will also be used by the department in determining your capacity to manage the project.	<ul style="list-style-type: none">✓ Audited income and expenditure statements for the past two years – mandatory requirement.✓ Staff resumes or background information and/or relevant position descriptions.
