Your guide to compliance

This *Skills Assure Supplier Audit Evidence Requirements (VET Investment Programs 2020-21)* has been developed by the Queensland Department of Employment, Small Business and Training ([the department](#)) to provide specific detail to skills assure suppliers (SAS) on the level of supporting documentation required for SAS to evidence the adequate completion of tasks as required by the *Vocational Education and Training (VET) Skills Assure Supplier (SAS) Agreement* and relevant policies which underpin VET Investment.

When implemented correctly, the audit evidence requirements will help your organisation work more effectively within Queensland's funded training program environment and assist in maintaining compliance. Your contract manager is your first point of contact to clarify any requirements including those not addressed here.

The *Skills Assure Supplier Audit Evidence Requirements* document follows the structure of the *Skills Assure Supplier Policy 2020–21* and provides advice on the types of evidence necessary to assist in demonstrating compliance with the *VET SAS Agreement*, the *Skills Assure Supplier Policy 2020–21* and relevant program policies. In 2020–21, the relevant VET investment programs are the Certificate 3 Guarantee program and the Higher Level Skills program.

The audit evidence requirements specify the supporting documentation required under "Requirements", whilst comprehensive examples of that documentation is listed under "Acceptable Evidence".

Student Eligibility (general)

Requirements	Acceptable evidence
<p>The supplier is required to demonstrate their process and provide the evidence collected to support the student enrolment.</p> <p>Please note: When a student has partially completed any qualification and / or completed a lower-level qualification (which does not impact on eligibility), a copy of the statement of attainment or authenticated VET transcripts issued by the Registrar as per the meaning given in the Student Identifiers Act 2014 must be accessed to determine eligibility for credit transfer.</p>	<p>A signed enrolment form containing questions sufficient to identify ineligible candidates and seeking to identify previously achieved units of competency.</p> <p>Some examples include:</p> <ul style="list-style-type: none"> highest qualification completed (e.g. Certificate II, Certificate III, Certificate IV, Bachelor Degree) any currently enrolled courses previous surname/s. <p>Additionally, evidence to support ALL eligibility criteria as identified within the Student Eligibility section of this document or, alternatively, within appendices 1 & 2.</p> <p>Please note: All forms of eligibility evidence must be valid at the point of enrolment unless otherwise specified (see appendices 1 & 2 of this document).</p>

Student Eligibility (general)

Requirements	Acceptable evidence
Retain evidence of the student's age at time of commencement (must be 15 years or over).	See appendices 1 & 2 of this document.
Retain evidence of the student's permanent residency in Queensland. Please note: Defence personnel, while they may hold evidence of residency, do not meet eligibility / intent of the funded program.	See appendices 1 & 2 of this document. Please note: The copy retained as evidence must clearly show the prospective student's current address, which should match any other address information provided by the student (for example, on their signed enrolment form). Where the student's address differs across information captured by the SAS, it must retain evidence to support the student's eligibility as a Queensland resident.
Retain evidence of the student's Australian citizenship, Australian permanent residency (includes humanitarian entrant), temporary residency status with the necessary visa and work permits on the pathway to permanent residency, or New Zealand citizenship. A list of visa subclasses for use as reference for eligibility is available for download. Please note: A visa restriction, which prohibits a person from study and employment would deem the person ineligible for the funded program.	See appendices 1 & 2 of this document. Evidence of visa status to be documented, recorded and retained could include: <ul style="list-style-type: none"> • student's permanent visa label on their passport and / or documents from the Department of Home Affairs showing approval of a permanent visa subclass • temporary residency visa and work permits with copies of correspondence to and from the Department of Home Affairs indicating progress toward permanent residency • current Medicare card (usually green Medicare card; however in some cases the blue Medicare card can be used with sufficient additional documentation – coloured copies required)
Retain evidence to confirm that prospective students do not hold a post-school certificate III qualification (Certificate 3 Guarantee) or higher-level qualification (Higher Level Skills training). Retain evidence to ensure prospective students are not already enrolled in a certificate III or higher qualification relevant to the specific program under which training is being funded.	Signed enrolment forms or other pre-enrolment documentation which requires the prospective student to provide sufficient information to make an informed decision on eligibility. Some examples include: <ul style="list-style-type: none"> • highest qualification completed (e.g. Certificate II, Certificate III, Certificate IV, Bachelor Degree) • any currently enrolled courses • previous surname/s

An AISS screenshot is not sufficient evidence to validate an AVETMISS Outcome identifier '60' – Credit transfer outcome.</i></p>	<p>AISS screenshot and / or printout of the search conducted.</p> <p>Please note:</p> <ul style="list-style-type: none"> The AISS search must not have been conducted more than 30 days prior to the enrolment of the student. The absence of a student's name from AISS does not guarantee his / her eligibility under this criterion. AISS does not contain all fee-for-service training records and will not provide options for close alternatives to the name entered if it has been misspelt. Where AISS indicates a qualification has been previously attained, this renders the student ineligible, irrespective of the number of units of competency reported as being achieved. If the SAS is convinced the student does not have a previously held qualification, it must direct the student back to the previous RTO to request the removal / amendment of data. If the RTO no longer exists the student is to be directed to Australian Skills Quality Authority (ASQA) to request information about their training with the previous RTO. <p>Should AISS identify the attainment of a previously held qualification, the following types of evidence at audit are required to justify accepting the student under the funding program:</p> <ul style="list-style-type: none"> Evidence that data has been removed / amended by the previous RTO (for example, new AISS search) Written notification from Australian Skills Quality Authority confirming that the student has not undertaken any training Written notification from Australian Skills Quality Authority under Section 56 of the National Vocational Education and Training Regulator Act 2011 advising the qualification issued by the previous RTO has been cancelled.

Vocational Education and Training Skills Assure Supplier Agreement	Clause 11 - Records
Skills Assure Supplier Policy 2020-21	Performance Standard 5 – Achieve a minimum outcome for students Appendix 5 – Data Tables (Table 4 – VET activity outcome identifier and payment)
<p>Recognition of prior learning (RPL) is assessment of an individual's relevant prior learning (including formal, informal and non-formal learning). This assessment determines the extent to which that individual has achieved the required learning outcomes, competency outcomes or standards for entry to, and / or partial or total completion of a program of study.</p> <p>Please note: RPL does not include any additional training at the unit of competency level as it is an assessment-only pathway. Should training need to occur in order for a student to meet unit requirements, then AVETMISS Outcome identifier '20' outcome is to be used, if appropriate.</p> <p>Assessment instruments retained by the supplier to validate claims for payment must contain sufficient evidence to verify that a qualified assessor has reviewed and assessed the students' knowledge and skills against the requirements of the unit of competency. Evidence will not be accepted where the assessor has only signed and dated the unit of competency coversheet alone.</p> <p>Further, the RPL requirements for a 'challenge test/s (including practical observation and/or knowledge tests)' referenced below relate specifically to the submission of claims for funding under a Queensland Government SAS agreement. This evidence represents the minimum requirement a supplier must retain if it wishes to conduct RPL processes under Queensland Government funded arrangements.</p>

Appendix 3 – Overpayments Information

Overview	<p>The SAS system is based on a performance framework wherein the assessment, selection and monitoring of RTOs is linked to national standards and department-specific requirements in quality management.</p> <p>The SAS must operate in accordance with the terms of their SAS approval, including the SAS Agreement and relevant program policies. Failure to comply may result in the department seeking recovery of funds paid under the SAS Agreement.</p>
Overpayments	<p>Overpayments, as defined in Clause 10.1 of the SAS Agreement, refer to those payments made by the department to the supplier to which the supplier is not entitled to in accordance with the agreement or the department's policies.</p> <p>Insufficient retention of evidence as outlined in the department's policies and related documentation, such as evidence requirements, constitutes an unsubstantiated claim and therefore an overpayment. The department may seek full recovery for these overpayments.</p>
<p>In some instances, full recovery may not be applied and instead a partial recovery for overpayments amounting to a percentage less than 100% recovery or a recovery of the difference may be applied.</p>	

Overpayments Information

Inducement	The offer of gifts or money to a person or business to entice or persuade that person or business.
New worker	Individuals employed within the last three months, or have been offered a position with a commencement date after the completion of training.

Similarly, an electronic signature will incorporate only the following:</p> <ul style="list-style-type: none"> • a digital rendition of a person's signature e.g. scanned version on a touch screen or via use of mouse • electronic communication, such as an email that provides an agreement/approval/signed consent and must clearly show the sender's name and domain address belonging to them (which coincides with the email address within the signed and completed enrolment form), and the contents of the email or attached document clearly highlights the person's intention in relation to the information communicated • a digitised signature using an encrypted digital code, which must be provided, that can be authenticated that it was the student who affixed their signature (digital code) onto the enrolment form. <p>Any of the above types of electronic signatures can be accepted; however, the key factor that will be analysed within any compliance activity will be to determine the process taken by the supplier to prove that the document was signed by an identifiable person (authentication) and that the person cannot credibly deny their identity (non-repudiation), therefore supporting the veracity or truthfulness of the contents of document signed.</p> <p>Further, central to the matter is the authenticity of each occasion an electronic signature is presented i.e. it must be an imprint that is original at each point of use. The signature system used must not be taken from a database and must not allow the supplier to copy and reuse an electronic signature previously submitted or provided.</p>
Skill set	<p>A single unit of competency or combination of units of competency from one or more training packages that link to a licence, regulatory requirement or defined industry need. Nationally endorsed skill sets have been approved by ASQA and assigned a code for reporting purposes.</p> <p>Priority skill sets subsidised under the SAS Policy are published on the Priority Skills List on the department's website: https://training.qld.gov.au/docs-data/strategies/vetinvest/subsidieslist</p>
